

# Need help with health insurance? We can help!

Healthcare plans protect people from the high cost of medical bills. Here in the U.S., many people struggle to find or pay for coverage. The nonprofit Washtenaw Health Project makes sure everyone in Washtenaw County has the health coverage and resources they need.

We can help you with Medicaid, Marketplace insurance, and our health plan for people who are not eligible for any insurance: the Washtenaw Health Plan.

Assistance is free and confidential. Our team speaks English, Spanish, French, and Arabic. We have access to interpreter services in 200+ other languages.
