

**We have a new name! Washtenaw Health Project is the new name of the organization providing the Washtenaw Health Plan**

### Our Vision

A community where everyone has equitable access to the health services they need to enjoy their fullest and healthiest lives.

### Our Mission

Helping low-income and uninsured people access high quality health care and health-promoting services.

### Who We Are

In partnership with the Washtenaw County Health Department and local healthcare providers, we help ensure that every member of our community has the coverage and care they need to thrive.

### What We Do

Washtenaw Health Project provides in-depth services to over 6,000 of our neighbors every year. We've helped more than half of these people with applications for Medicaid and Marketplace coverage. We also support low-income people who aren't eligible for any other coverage through the Washtenaw Health Plan.

**2,800+**  
Washtenaw Health Plan Members

**2,500+**  
Medicaid applications and renewals

**600+**  
enrolled in Marketplace coverage

In addition to health insurance enrollment, we help people understand and use their insurance so they can stay healthy.

<p><b>500+</b> Healthcare navigation services provided</p>	<p><b>1000+</b> Department of Health and Human Services issues resolved</p>	<p><b>200+</b> Billing and charity case issues resolved</p>	<p><b>\$10.5 million+</b> Additional income directed to Washtenaw County's healthcare providers, as a result of WHP's insurance enrollment.</p>
--	---	---	---

		<p>WHP's Community Health Workers provide in-depth support to clients who need help with chronic disease management, housing instability, food insecurity, and transportation to medical appointments.</p>
